

CHINA'S BABY RULER REPORTED DEAD

CAPTURE OF CONTRABAND CHINESE TO BE REWARDED

Inspector in Charge of Southern District
Wants to Break Up Smuggling
System

A price has been set per head upon the Chinese smuggled from Mexico into the Southern California district, and a price has been set per head upon the escorts. Harry H. Weddle, of the immigration service, inspector in charge of the district, has been in Orange county from San Diego, and has made offers for the capture of the celestials and their guides and those transporting them. Weddle is determined to break up the contraband traffic and has offered rewards as follows:

For each Chinese caught being smuggled through his district, \$5.
For each guide, \$50.

For master of any vessel landing Chinese illegally, \$100.

Immigration officers have long had knowledge of the fact that Chinese were being smuggled in from Mexico, Los Angeles being the objective point, where the newcomers might be hidden and later supplied with certificates that would fit the individual. It has been learned that there was an organized gang that was bringing the Chinese in for \$300 per head for safe

delivery in Los Angeles. Occasionally the underground has been tapped and Chinese have been caught and deported. A few months ago seven Chinese were arrested on East Fourth street in this city, an automobile that picked them up at a gum grove at Aliso station, where the Chinese had been in hiding during the day, having broken down.

At that time there was no reward offered. A few years ago there was a reward, but that was taken off. Believing that the reward system would be effective the inspector in charge has named the prices given in this article.

A short time ago W. G. McPherson, principal of the San Juan Capistrano school, ran on to a crowd of Chinese in the San Mateo canyon. The report of this strengthened the theory that Chinese were being landed by night off the San Mateo creek. There, in charge of Mexican guides, it is thought they went by trail over the O'Neil ranches to the neighborhood of El Toro and from El Toro made their way into Los Angeles.

DELAY ASKED ON DREW BILL

President Wires Request for
Holding of Anti-Alien
Measure

Bill Goes to Legislature Asking
For \$10,000 to Investigate
Jap Question

SACRAMENTO, Jan. 28.—President Roosevelt today wired to Assemblyman Drew asking him to delay any action on the anti-alien land bill until a letter had reached Gov. Gillett. He notified Drew he had sent him a copy of the letter.

TO INVESTIGATE JAP

QUESTION DEEPLY
SACRAMENTO, Jan. 28.—Senator Leavitt today introduced a bill appropriating \$10,000 to pay expenses of an investigation of the Japanese question in California. The bill provides that the bureau of labor and statistics may prepare the report to aid the next legislature in solving the question. Speaker Stanton introduced the same measure in the assembly, both acting on the request of Gov. Gillett in his recent special message.

COOPER JUROR JAILED AND DISQUALIFIED

NASHVILLE, Jan. 28.—Juror K. Leigh, passed but subsequently challenged in the Cooper trial for the murder of Senator Carmack, was disqualified today by Judge Hart. The court refused to hold Leigh on the charge of perjury made by the attorneys for the state. He also refused to pass upon the charge of drunkenness, declaring that Leigh was shown to be prejudiced, which was enough to disqualify him. The attorneys for the state had Leigh arrested and taken before the grand jury. He was released on bonds pending an investigation.

GOLD STAMPEDE: ENTIRE STRIKE LEDGE LOCATED

YUMA, Ariz., Jan. 28.—A rush has been made by Yuma and Kofa prospectors to locate claims on a lode between Castle Dome pass and Thumb Butte. So intense has been the excitement that everything has been located for six miles along a gold bearing dike within the past few days.

There is a ledge six miles long, showing free gold surface indications the entire length, all of which has been covered by the rush. There is not a claim of any value left unlocated in the section.

POMONA PARK WILL BE EXCURSION TERMINAL

POMONA, Jan. 28.—An engineer of the Pacific Electric Company states that within two weeks grading will be started on the electric line from Covina to Pomona. Plans are under consideration to feature Ganesha Park as an excursion terminal.

SMALL POX SAID TO BE CAUSE OF DEATH

No Possibility of Finding Truth
of Report as Celestials
Are Secretive

GRIM MESSENGER WOULD BE REAL FRIEND TO BOY

Snatching Him From Hard Fate
Already Weighting His
Childish Mind

TOKIO, Jan. 28.—Reports have been received from private sources, from Peking, that say the Chinese boy emperor, Pu Yi, is dead. It is known that he has been ill and it was reported that he was suffering from confluent small-pox.

The rumor of the youthful emperor's death has gained wide circulation, and is given much credence here. It is impossible to obtain confirmation, or even a convincing denial from the Chinese officials at Peking, as it is customary for the Chinese to keep secret the death of their emperor until those about him have arranged their plans.

Pu Yi was six years old when he became the emperor last fall. He has been a frail child all his life. It is said that after the death of the emperor and dowager empress, despite his extreme youth, Pu Yi seemed to realize the burden that had fallen upon him and was greatly worried.

It is feared other members of the royal household may be affected with smallpox.

HOT FIGHT IN CONVENTION

Stock Men Finally Endorse the
Government Leasing
Policy

LOS ANGELES, Jan. 28.—After a hot fight today the live stock association endorsed Gifford Pinchot, chief government forester, the general forestry policy, and the government's policy of leasing the public domain.

Resolutions were also adopted demanding congress to compel the railroads to furnish cars promptly, and to provide for a hearing on the proposed increases of railroad rates before they go into effect.

WANT TO ANNEX HARBOR TO CITY AS A WHOLE

SAN PEDRO, Jan. 28.—If the Leeds-McCartney consolidation bill becomes a law it is probable that the election set for March 10 to determine whether that portion of San Pedro north of Fifth street shall be excluded from the city and be annexed to Los Angeles, will be permitted to go by default, in order that the city might be annexed as a whole.

LONE STAR FLAG IS AFLOAT OVER CUBA

HAVANA, Jan. 28.—The lone star of the Cuban republic fluttered today from the Palace Del Presidente as the flag of a free nation, when Gov. Magoon formally surrendered the American control of the island to President Gomez, whose inauguration followed on Magoon's withdrawal.

PICKED LOCK AND ESCAPED

Whittier Reform School Lads
Keep Officers Busy for
Awhile

Last Seen of the Pair They
Were on Freight Train
Going South

Two boys who escaped from the Whittier State School on Tuesday have been giving several Orange county officers a merry chase, and up to the present time the boys are still in the lead. The boys made their getaway and went across the foothills to Fullerton. There they were picked up by City Marshal Ruddock, the boys still having their state school uniforms on. The boys were locked up in the Fullerton jail, but were not placed in the cell. During Tuesday night the youngsters picked the jail lock, and when the city marshal happened around yesterday morning the birds had flown. All day yesterday Ruddock and City Marshal Jernigan of Orange were out hunting for the boys, getting occasional traces of them but at no time getting within sight of them.

Between 3 and 4 o'clock this morning one of the reform school officers arrived in Santa Ana, he, too, having taken a hand in the search. He took a look at the night trains, but found no boys.

This morning Constable Jackson learned that the boys took a south bound freight train at Irvine. The chances are the boys will be picked up on the road south, the constable having telegraphed to officers along the line.

WANT TO VOTE \$100,000
BONDS FOR PLAYGROUNDS

SAN DIEGO, Jan. 28.—A big meeting was held here Tuesday night to further the plan of voting \$100,000 city bonds for playgrounds for the children. A large section of the water front is to be made a public playground, the state agreeing to give the use of it to the city for such a purpose.

John Nolen, the noted landscape artist, has drawn plans for the Civic Improvement association.

MT. WILSON AND MOUNT LOWE ALL SNOW-PACKED

PASADENA, Jan. 28.—Three days of snow, interrupted yesterday by a rain which melted a part of the former fall, but which quickly turned to sleet and snow, has covered the summit of Mt. Wilson with nearly three feet of hard packed snow and Mt. Lowe with over two feet of frozen crystals.

Weather Forecast

LONG BEACH WILL TRY TO BUY HARBOR FRONTAGE

LONG BEACH, Jan. 28.—Because of the recent agitation over the harbor question, it is believed that the city council will take some step very shortly towards purchasing harbor frontage for the city. Two of the leading organizations in the city, the Chamber of Commerce, and the Realty Board, favor the city's taking some such action in this matter, and it is stated that nearly every councilman supports the idea.

REBELLIOUS KOREA WAXES MURDEROUS

Bomb Thrown at Government Party
and Assassin Tries to Stab Minister
of the Interior

TIKIO, Jan. 28.—Dispatches from Fieng Yang, Korea, say a bomb was thrown at a party of government officials during the imperial tour last Tuesday. It is supposed to have been a demonstration against the pro-Japanese-Korean court. The same dispatches bring news of an attack upon Minister of the Interior Sung, who was stabbed by a would-be assassin aboard the imperial train, Prince Ito, resident General of Korea, is ill, and the general affairs of the peninsula are in a troubled state.

THAT PEOPLE MAY CHOOSE UNITED STATES SENATOR

Bill is Introduced in Legislature; Race
Track Men are Bitter; Many
Bills Reported

SACRAMENTO, Jan. 28.—Senator Caminetti today introduced a senate bill to enable the people of the state to express by ballot their preference for United States senator. It is practically the same bill introduced two years ago by Senator Sanford.

The feature of the measure is a double form statement which the legislators may sign when they are candidates. One pledges the legislator to vote for the candidate receiving the most of the people's votes; the other makes the people's choice merely a recommendation.

RACETRACK MEN SAY THAT THE "MACHINE" WAS SCARED

In the bitterness of certain downfall of the racetrack, the racetrack men in the legislature are today blaming the Republican organization for fearing the defeat of the anti-racetrack bill would result in the election of a Democratic governor. They say it was this that made the "machine" take its hands off in the recent bitter fight and refuse to give

orders to defeat the anti-track bill.

LOTTERIES AND SLOT MACHINES UNDER BAN

The public morals committee of the Assembly today reported favorably Black's bill making it unlawful to have slot machines in one's possession. The judiciary committee reported favorably Johnson's bill making it a misdemeanor to advertise lotteries.

WILL FIRE ALL LAZY ATTACHES NEXT WEEK

Chairman Drew of the attaché committee, announced today that a number of attaches were shirking their duties, and unless more work was done there would be a number "fired" next week.

TAX AMENDMENT AGAIN MAY COME BEFORE PEOPLE

At the instance of the state revenue and tax commission, Assemblyman Melrose of Orange county, introduced a constitutional amendment

WILSON WILL SERVE AGAIN

According to Report; Cleveland
Reserve Increased by a
Vast Acreage

WASHINGTON, Jan. 28.—It was learned on good authority that James Wilson has accepted the position of Secretary of Agriculture under Taft.

ADDS EMPIRE TO BIG CLEVELAND RESERVE

WASHINGTON, Jan. 28.—President Roosevelt by proclamation today added three hundred and thirty thousand acres to the Cleveland forest reserve, formerly the San Jacinto reserve, California. He also eliminates three thousand, six hundred and eighty-three acres from the reserve which now contains over one million and a half acres.

FOUR PEOPLE VANISH IN CITY OF THE ANGELS

LOS ANGELES, Jan. 28.—The police of this city are searching for four persons who have mysteriously disappeared within the last week. No trace has been found of any of them yet.

Rolland Poston, a youth who vanished Sunday night while seeing Chinatown in company with two young women, has not been heard from; no clue of the whereabouts of Exa Sweeney, aged twelve, who disappeared Sunday afternoon after going out with Mrs. W. H. Dugdale; Henry La Rue, aged fifteen, disappeared from home Saturday and has not returned; B. M. Neilson, aged twenty-eight, a member of the faculty of Tempe, Arizona, high school, is believed to have come to Los Angeles, but has not been seen.

BACON CONFIRMED BY SENATE

WASHINGTON, Jan. 28.—The senate yesterday confirmed the nominations of Bacon as Secretary of State and Olonghin as Assistant Secretary of State.

BELMONT OPERATED ON FOR APPENDICITIS

NEW YORK, Jan. 28.—August Belmont was operated on yesterday for appendicitis. The operation was pronounced successful.

BITTER IS THE RACE FEELING

Negro Shoots Three White
Boys; One Dies; He Es-
capes by Plea

CINCINNATI, Jan. 28.—Despite the fact that one white boy is dead, and two are dying as the result of being shot by him last night, Atlas Telford, a negro of eighteen years, made such an eloquent plea in court today that no charge was placed against him.

Telford declared that he is studying law but race prejudice threatens to check ambition. He said he was set upon by a crowd of white boys last night, as he was leaving school, and he shot in self defense.

William Weubold is dead, and Wm. Brill and Charles Ruff are dying.

The police are inclined to accept Telford's assertion, as they found rocks in the pockets of the two victims. The friends of the white boys are infuriated over the result of the preliminary hearing. It is feared a bitter race feeling will result. Telford was employed as a house boy at the residence of Judge Albert C. Thompson of the Federal District Court.

AMBITIOUS PLANS FOR PACIFIC COAST

Campaign on for Bigger Fleet; Gigantic
Naval Station and Other Projects
Is Inaugurated

WASHINGTON, Jan. 28.—A vigorous campaign for a large appropriation for better naval stations on the Pacific coast, was decided on today by the delegations from Oregon, California and Washington.

A gigantic naval station at

San Francisco; with repair shops and improvement yards for Mare Island, and Bremerton; and the establishment of a supply depot at San Pedro, are the main features.

Incidentally a movement for an increase in the size of the fleet will be undertaken.

HAVE ONE-FIFTH NAMES NECESSARY ON RECALL

LOS ANGELES, Jan. 28.—More than 20 per cent of the names necessary for a successful petition for the recall of Mayor Harper has been obtained.

The Business Men's club, said to have been organized in Mayor Harper's interest, is working in his behalf.

JURY DISAGREED AND NIGHT RIDER WENT FREE

UNION CITY, Jan. 28.—Unable to agree, the jury trying Ed Marshall, an alleged night rider, accused of Captain Rankin's murder, was discharged today. It is understood the jury stood ten to two for acquittal.

JUDGES AND LAWYERS ON THE CRIMINAL LAW

Present Day Club Listens to Some Interesting Recommendations Particularly With Regard to Juries

In an able address delivered by Judge Benj. F. Bledsoe of San Bernardino at the meeting of the Present Day Club at the Woman's Club house in Riverside Monday evening, the speaker expressed some interesting views with reference to certain phases of the criminal law and proposed changes in the trial system.

The abolishing of instructions to jurors, the doing away with appeals and the reduction of the number necessary to arrive at a verdict in jury trials, were among the more important proposals that had advocacy.

With reference to the latter point, Judge Bledsoe made the following strong statement: Many think that a majority of a jury should be sufficient to arrive at a verdict. Where the unanimity of twelve men is required, we put a premium on the purchased juror, the ignorant juror, the man who goes to sleep in the box; we put a premium on prejudice, in fact everything except honesty and intelligence."

TO PREVENT SIDEWALK RAISING BY TREE ROOTS

The following communication from a landscape gardener of twenty-five years' experience cannot fail to interest and profit those who love a beautiful tree, but don't like for it to ruin their sidewalks:

Editor Register:—I noticed in a late issue of your paper that the city trustees have trouble with street trees raising the sidewalks and pavements. As I know of a sure cure for the trouble, I want all who are interested in shade trees to know of it.

In the first place the town has the best soil for shade trees in the state, it is a fine deep loam, and trees do not need to send their roots to the surface, IF THEY ARE PLANTED PROPERLY WITH THEIR LEADING ROOTS POINTING DOWNWARDS. In the case of large old trees cut all roots that show a rising tendency close to the curb or sidewalk. As those surface roots are of little value to the trees, they can be freely cut. If they are too conspicuous, take them up and relay the sidewalk or curb, you can safely cut away all roots that are less than a foot under the surface.

Yours etc.,
ANGUS MCLEOD,
Landscape Gardener.

What Makes a Bank Strong?

In judging a bank, always remember that it is Capital, Surplus and Undivided Profits that give security to the depositor, because that money is what stands between you as a depositor and any possible shrinkage in the securities held by the bank.

Few institutions in the country have a larger margin of safety than the

First National Bank Of Santa Ana

which, with the watchful interest of a very capable and conservative Board of Directors and the constant inspection of the Bank Examiner, has built up a strong institution—one whose

Capital, Surplus and Profits of \$300,000

give assurance of absolute security and account for our more than \$900,000.00 deposits.

The Santa Ana Savings Bank, under the same management, pays four per cent interest on time deposits, issuing certificates of deposit for six months and renewable, in sums of \$50 up.

VEGETATION IS HURRYING ITSELF

Farmers on San Joaquin Smile When They See the Grain Climb Up

CHANNEL CUTTING IN EXCELLENT SHAPE

As is the Custom at Old Newport, Bride and Groom Are Given Greeting

OLD NEWPORT, Jan. 27.—"And the rain it raineth every day." On the mesa around here the vegetation of all kinds is growing at a remarkable rate. Practically every farmer on the San Joaquin had finished putting in his grain crop before the rain started and as he watches it coming through the ground and shooting up at the rate of about an inch a day he wears "the smile that won't come off." These farmers on the high ground are not worrying in the least about too much rain, but those on the lower land are beginning to holler, nuff. Not that enough has fallen to do any damage yet, but what we've had would be as good as a feast for several weeks. Let it clear up now, Jupe, and stay clear and bright for several weeks, then give us another two inches or so spread along at judicious intervals and we'll show our eastern friends what a land of milk and honey and sugar beets looks like when at its best. The river has been booming along in its new channel at racehorse speed lately and the way it is cutting that new channel deeper and wider looks mighty good to everyone who is interested in seeing it keep to that same channel hereafter. No great amount of damage was done when it broke out last week. Some celery was flooded and a small amount of newly planted beet land was covered but the water receded again so quickly that little harm resulted. It is thought the beet seed that was planted will come up as the water stood on it only a day or two.

Once more the welkin—whatever that is—in this neighborhood has rung with the gladsome chimes of the charivari. A few days ago one of the fairest of the daughters of Old Newport, Miss Fannie Armstrong, was married to Mr. Harry Tedford, some time of Old Newport, later of Santa Ana, but now of Manton, Tahama county. After a few days sojourn in San Diego and a few more in Santa Ana, the bride and groom spent Saturday night at the home of the bride's parents, Mr. and Mrs. A. T. Armstrong of this burg. True to the traditions of Old Newport and to a local custom that is never departed from, a company of friends of the bride and groom assembled and during the stilly watches proceeded to do what they could to disturb the peace and fracture the calm of this usually calm and peaceful neighborhood, just to show their goodwill toward the happy pair. The joyfully united ones responded handsomely, the bride treating all the boys to wedding cake, the groom coming through with a box of cigars which he insisted on emptying on the spot. This means that every midnight marauder carried away a pocketful. Mr. and Mrs. Tedford will make their home at Manton where Mr. Tedford is employed as an electrical engineer. Mrs. Tedford will be greatly missed here as she has always been prominent in the social life of Newport and was one of our most popular young ladies.

The home of Mr. Algernon Bear was gladdened a few days since by the arrival of a little son.

Mrs. Ernest Wakeham who for several weeks has been ill at the home of her mother in Santa Ana has recovered and is back once more with her husband on the farm.

An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines
ABSOLUTELY FREE
For Old and New Subscribers

BUSINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in colors.

Home Herald Vick's Magazine

"A PAPER WITH A PURPOSE" "A PERIODICAL OF PROGRESS"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in colors are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. Sherman, Governor Hanly of Indiana, Governor Folk of Missouri, Dr. Washington Gladden, John Balcolm Shaw, Charles M. Sheldon, Booker T. Washington, John V. Farwell, Bishop Samuel Fallows, G. Campbell Morgan, John C. Havemeyer, President Blanchard and Dr. A. C. Dixon.

Judge McKenzie Cleland who has been a subscriber for fifteen years has recently said:

"Of all the papers that come to my house, the Home Herald is one the brightest and best and most highly prized. My children are always eager for it and we all like it and feel that we could not do without it. I enjoy a paper that dares to be original, independent and fearless."

Here Is Our Offer

World's Events, 12 numbers	\$1.00
Home Herald, 13 numbers (special)	.50
Vick's Magazine, 12 numbers	.50
Santa Ana Daily Register (by mail)	4.00
Total subscription price	\$6.00

ALL for \$4.00 a year if the Register is sent by mail
All for \$5.00 a year if the Register is sent by carrier

N. B.—The only condition imposed is—that the subscription shall be paid a year in advance. And it would pay every one of our nearly 2500 subscribers to do this, whether they got a premium or not, or it would save each of them \$1.00 if served by carrier or \$2.00 if served by mail, and all inconvenience or annoyance of having collectors call on them.

BENEATH A PEACE DOVE

Miss Clara Gunther Last Night Became Bride of Ernest Bandick

Last evening at 6 o'clock there occurred, in the German Lutheran church, the wedding of Miss Clara Gunther and Ernest J. Bandick, both popular and well-known young people of Orange.

To the strains of Mendelssohn's Wedding March, as rendered by Prof. Batterman on the pipe organ, the wedding party approached the altar, under arches formed of the fronds of the date palm. Beneath the Dove of Peace, suspended from the arch nearest the altar, the bridal couple were seated during the impressive address delivered by Rev. Hogler, after which were pronounced the solemn words of the wedding ceremony as given by the Lutheran church.

The beautiful bride was attired in an elegant creation of white messaline, hand embroidered in chrysanthemum sprays, by herself. She wore a veil with sprays of orange blossoms, and carried a bouquet of white roses and asparagus fern. She was attended by her sister, Miss Emma Gunther, and Miss Tillie Bandick, while Louis Gunther and Frank Bandick attended the groom. After the ceremony the invited guests repaired, with the bridal couple, to the home of the bride, where a most bountiful and delicious supper was served to seventy guests, all relatives.

The home was most tastefully decorated in white and green, an arch between the dining room and parlor being strung with tiny colored electric lights and a wedding bell. One table ran under this arch, and beneath the bell was placed the magnificent wedding cake. At the head of the table, under a chandelier, was hung a Dove of Peace, and beneath this were seated the bride and groom. Smaller wedding bells were effectively used in other decorations.

The young people were the recipients of a great number of beautiful presents, including cash, linen, silver, cut glass, burnt wood, vase, carving set, clock, a beautiful rug and plush robe.

Some time next week they will leave for Yakima, Washington, where Mr. Bandick owns a ranch, and where they will make their home. Seldom does a young couple start out on life's voyage under more auspicious skies, and we wish them a long life of all the best this world has to offer.

TO IRRIGATE FIVE RANCHES

Olive Men's Plant Was Inspected by a Los Angeles Engineer

Mr. Lewis, engineer of the pump works of Los Angeles, was in Olive yesterday to inspect the pumping plant recently installed by Messrs. Crawford, Pollock, Paine, Watson and Heim. The pump works satisfactorily and the flow of water is sufficient to irrigate the five ranches, some 103 acres, of these owners, and makes them independent of the water of other systems.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowels, affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, golden Seal root, Bloodroot, Stone-root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

Notice of Sale of Real Estate In the Superior Court of the County of Orange, State of California.

In the matter of the estate of Floy S. Gearhart, deceased.

Notice is hereby given that in pursuance of an order of the Superior Court of the County of Orange, State of California, made on the 8th day of January, 1909, in the matter of the estate of Floy S. Gearhart, deceased, the undersigned administrator of said estate, will sell at private sale to the highest bidder for cash, lawful money of the United States, as provided by law and subject to confirmation by said Superior Court, on or after the 28th day of January, 1909, all the right, title, interest and estate of the said Floy S. Gearhart, at the time of her death, and all the right, title and interest that the estate has by operation of law or otherwise acquired other than or in addition to that of the said Floy S. Gearhart, at the time of her death, in and to all those certain lots, pieces or parcels of land situate, lying and being in Orange county, State of California, and more particularly described as follows, to-wit:

The southeast quarter (S. E. ¼) of the southwest quarter (S. W. ¼) of the northwest quarter (N. W. ¼) of Section 9, township 5 south, range 10 west, S. B. B. & M.

Bids for the above described real estate must be in writing and will be received at any time after the first publication of this notice, and before making said sale, and said bids may be filed with S. M. Davis, in the District Attorney's office in the County Court House, Santa Ana, Orange county, California, the attorney for said administrator.

Terms and conditions of sale: Ten per cent of the purchase price payable on acceptance of bid and the balance on confirmation of sale by said Superior court.

Dated January 11, 1909.

A. R. GEARHART, Administrator of said Estate.

ORANGE TEAM WAS WINNERS 43 TO 11

Santa Ana Players Weak in Guarding and Goal Throwing

The Orange Union High School basketball team played the Santa Ana High School on the Santa Ana grounds yesterday afternoon at 4 o'clock. The game was one of the best games of the league series thus far. The final score stood 43 to 11 in favor of Orange. The Santa Ana team was loose in its guarding and weak in throwing goals. Riley played the star game for Orange. Orange has complained of rough-house treatment given the Orange crowd. This, he it understood, was not from the Santa Ana team but others who were present.

Following is the line-up:

Santa Ana	Orange
Reeves	F
Lance	F
Smiley	C
Williamson	G
Burkett	G
Lutz	Sub.
	Helwig

Field goals—Riley 8, Park 3, Smith 4, Snyder 2, Helwig 1, Lance 2, Smiley 2.

Foul goals—Riley 3, Park 4, Lance 2.

Peculiar and Pertinent

Longwood, the house Napoleon occupied on St. Helena, was given to the French by Queen Victoria.

Though the industry is still in its infancy, the mines of India give employment to 152,000 persons.

The greatest monolith of modern times is the Alexander column in Admiralty square, St. Petersburg. It is 80 feet in height and weighs 400 tons.

The proved coal fields of the republic of Mexico cover 300,000 acres. The minimum production is fixed at an average of 3000 tons per acre, although in numerous cases it will run as high as 4000 and 5000 tons.

Cutting Down Your Fire Insurance

One of the indirect advantages which would come to you if you should adopt individual motor drive with power from our lines would be a decreased fire risk.

Doing away with boiler and engine rooms not only decreases the risk to human life and property, but will allow you a reduction in your fire insurance rates.

RULES FOR SUCCESS

Mr. R. J. Street recently retired from the position of department manager of the First National bank in Chicago at the age of sixty-three, after having been with that institution since 1865, when he started as an office boy. He was asked when he quit for some of the rules for success which he had followed. The formula he submitted is plain and practicable and can be followed by anybody. He said:

Don't be a time server. Don't keep looking at the clock. Seek work instead of shirking work. Stick, don't be changing your employment for a little raise in salary. Always have the interest of your employer in view.

Choose for associates such young men as are steady and whom you would not be ashamed to bring into your own family, or to associate with in after life.

Be frugal and saving without being mean.

Invest your money, but never speculate.

Be polite at all times.

Be honest and upright in all your dealings.

The young men of today seem to be living in the future instead of the present. They are always looking for something better and do not do justice to their present position.

A young man's associates have a great deal to do with his qualifications for a successful business man. I believe that every young man should connect himself with some church. It will not only supply him with good companions, but will also tend to keep him out of mischief.

STANTIN FOR GILLET

Phil. A. Stanton denies that he will be a candidate for governor; he says he is well satisfied to retire from politics after serving a term as speaker of the assembly. Mr. Stanton says:

"It is my honest opinion, insofar as political predictions made at long range may be worth anything, that Governor Gillett will succeed himself. I know the leaders of the North are all for him, and, barring the effects of a direct primary, they will undoubtedly program in the governor's interest in 1911."

The Riverside Press comments upon this by saying: "This declaration will not be specially pleasing for those Southern California politicians who are nursing an ambition to break in on the nomination for governor next time, on the theory that it is the turn of this end of the state to have that office. It is, nevertheless, true, however, that as matters stand today Gillett's chances for renomination look mighty good."

OREGON ALL RIGHT

There will be general satisfaction everywhere over the admirable way in which the legislature of Oregon kept faith with the people of Oregon in relation to the election of United States senator. This is not saying that Oregon's "statement No. 1," is or is not a good thing or that legislative candidates did a wise thing in taking such a pledge. The wisdom or unwisdom of such a policy is quite aside. The issue was as to whether, having pledged their faiths, political pressure could force those who had given pledges to violate them. The men of Oregon may have done wrong in preferring a tried and true Democrat, like Governor Chamberlain, for United States Senator to a tried and untrue Republican like Fulton or an untrue Republican like Cake. That is their business, but that faith honorably pledged should be honorably maintained—that was everybody's business. Congratulations to the manhood of Oregon!—California Weekly.

HOW MUCH MAY THEY MAKE?

Considerable discussion is going on as to how much net profit public service corporations may legitimately make. Mr. Harriman says, "All they can." That is simple, direct, intelligible and suggests the equally intelligible retort, "As little as possible." The general manager of the Pullman Car Company says, "Fifteen or twenty per cent." The Supreme Court of the United States has just said, in the eighty-cent gas case, "Six per cent. where there is monopoly." The financial understanding is clearing.

AS THEY DO IN TEXAS

Texas undertook to legislate monopolies out of the Lone Star State. Prophets of evil declared that Texas would ruin itself, that the great corporations would withdraw from Texas and leave nothing behind but the shuck. Texas is still on the map. Bailey of Texas, who obliged the Standard Oil, is a has-been. He is going to New York where the atmosphere is more conducive to the health of one of his susceptibility to catching coughs, colds, snubs, brickbats and other things. And now the Waters-Pierce Standard Oil Company has been irrevocably mulcted in the sum of \$1,600,000 for violating the anti-trust laws of Texas. Texas is on top, and California may well profit by her pugnacious example.—California Weekly.

MONKEYING WITH THE PRIMARY LAW

It was unbelievable from the first that the "organization" at Sacramento would stand for a true-blue direct primary law and indications are that the cohorts of Herrin are already nibbling the foundation from under the measure submitted by the Direct Primary League. The League measure is not perfect, but it is a good deal nearer perfect than it will be after the "organization" is done perfecting it. It should be encouraged to let that bill alone.—California Weekly.

The sheriffs are behind legislation which would abolish the office of township constable. It is said that the sheriffs have already drawn a bill which provides that the office of township constable shall be abolished, and the duties of the constabulary turned over to deputy sheriffs. Sonoma county is responsible for this bill, although Sheriff Barnett of Alameda county is one of the staunch supporters of the measure.—Riverside Press.

"No one with brains will kiss in the future," says Dr. Clara Scott. "You're mostly right right, Clara," assents the Waterloo Reporter. "The time for kissing is the juicy and immediate now. It is a waste of pleasure to expect the real genuine thrill from the future or the cold storage product."

"If things keep up till the close as they have been, Theodore Roosevelt's last three weeks will be worse than Ellinor Glyn's," says the Dubuque Telegraph-Herald.

McKINLEY DAY

May there be many carnations plucked tomorrow to be worn in memory of the martyred President William McKinley, as expressed in the following beautiful poem:

Carnations

(John S. McGroarty)
Carnation Day, in memory of William McKinley, born Jan. 29, 1843.
Here's a flower, my countryman, to wear upon your breast,
And 'tis, of all the flowers that blow, the one that he loved best,
And it is for you to wear it for the sake of him today,
For the sake of him who slumbers in his narrow house of clay.

He hears no more your wild acclaims,
no more your welcome hears,
The brave huzzas, the booming guns
The brave huzzas, the booming guns
The people's ringing cheers.
His tender heart is cold in death,
his gentle eyes are dim,
But here's the little blossom that we'll wear for sake of him.

We'll wear it for the sake of him who loved us well and long.
Who met God's summons with a smile, and on his lips a song;
Unstained the nation's heritage, in truth and faith he bore,
Oh, loyal heart, oh, kindly heart, that beats for us no more.

Upon his grave the wintry blast the drifted snows have strewn;
Above him are the watching towers of gleaming marble hewn.
The sentried soldier stands today where he lies low at rest;
And here's a flower, my countryman to wear upon your breast.

IS AGAINST PEANUT RAISING FOR PROFIT

Mr. Utt Says If You Plant Them For Profit You Will Be Very Much Disappointed

Tustin, Cal., Jan. 14, 1909.
In your issue of January 14 you publish an article under the heading of "Plant Peanuts for Profit." In the hope of saving someone some money, I should like to say a few words. Don't plant peanuts for profit, for if you do, you will be disappointed. Japan is now supplying over 90 per cent of all the unshelled peanuts used on the Pacific Coast and shortly, unless congress grants adequate protection, will supply all of them. Los Angeles is the only market remaining that uses any American nuts and she is taking fewer of them every year. I have just completed harvesting 400 acres of peanuts, and this, as well as a similar acreage last season, has been unprofitable.

I have had all the experience I want in competition with Japan. If any one thinks he is able to beat 15 cents per day labor in the production of peanuts, but he should not do so in the hope of profit. Lest any suspiciously minded person should think I am guilty of trying to keep down the acreage, for my own ends, I will state that I should be very glad of a large planting, as I have several thousand dollars in a modern peanut cleaning plant that is likely to be idle after this year, unless of course congress gives us about 2 cents per pound duty, which is a very uncertain proposition. Yes, plant peanuts. Plant them for cow feed, plant them for fun, plant them for any reason, only don't "plant peanuts for profit."—C. E. Utt in Anaheim Gazette.

STEPHENSON FAILED OF RE-ELECTION BY 2 VOTES

MADISON, Wis., Jan. 28.—Senator Isaac Stephenson failed of re-election to the United States senate yesterday by two votes on first ballot taken in the joint session of the legislature. He received sixty-five votes, needing sixty-seven, having lost seven since yesterday. The defection from Stephenson, followed charges of corruption made against him Tuesday by State Senator Blaine, a La Follette adherent. The joint session will meet again tomorrow. The vote stood: Stephenson, 65; Congressman Cooper, 11; Governor Davidson, 4; Congressman Esch, 7; Brown (Democrat), 20; with 24 votes scattering.

The fire was of short duration, and it is believed there was little damage, but brokers stampeded to sell, and stocks sagged heavily.

Social and Personal**Interesting Bit of School Life**

As one of the pleasant incidents of Mrs. Robert McFadden's recent stay in Pasadena, she relates the particulars of a "breakfast" at which she was a guest. Three o'clock in the afternoon is a rather unusual time of day for even formal breakfasts, but this one was served promptly at that hour. Her daughter Anna is a student in the polytechnic elementary school and this function was given by a section of the cooking class of which Miss Anna is a member. The guests were

the mothers of the girls and Miss Pease, the principal of the school.

The girls, ranging from twelve to fifteen years of age, selected and arranged the floral decorations, painted the place cards, laid the table, prepared, cooked and served the breakfast. Each one cooked and served one article of food, and the two whose kitchen duties were least onerous, waited on the table deftly and delightfully. The menu was as follows:

Strawberries
(on their stems surrounding moulds of powdered sugar.)
Cereal
(in moulds, with dates and whipped cream.)
French Fried Potatoes
Twin Mountain Muffins
Coffee

At the close of the meal the ladies were invited to the kitchen and introduced to the youthful cooks, waitresses and chef (or teacher); were given the freedom of the place and the keys to the lockers. Availing themselves of the offered privileges, they examined utensils, tables, stoves, dish cloths, mops, pans and towels, peeped into note books, complimented cooks and teacher, and begged to be allowed to come again.

Mrs. McFadden says it was a most enjoyable object lesson and demon-

stration of the manner in which a properly equipped school trains its students in the practical household arts. The girls themselves were enthusiasm personified in talking over this line of work, and the manual training in cooking, sewing, gymnasium, drawing and painting seems to only intensify their interest in English, mathematics, geography, history and music, in which they are doing the same amount of work required in the public schools.

A Tribute to Worth

Many people in Santa Ana met Rev. Mark B. Shaw of San Bernardino First Baptist church when he was here in March last celebrating with Dr. J. H. Garnett and Rev. C. C. Pierce of Los Angeles the ninth anniversary of the continuous pastorate of each in their various churches. They are much interested in knowing that he is so dearly loved by his people that they refuse to let him leave their church, even after resigning the charge to accept another pastorate.

His congregation has practically risen in a body and asked him to stay and he may yet yield to their wishes. He has two weeks in which to decide the matter.

What volumes does the affection of his people speak for this minister's worth and devotion, and what hours and weeks and years of unremitting labor and sacrifice on his part to deserve such affection does it not represent. The refusal of his people to let him go is a tribute that he may well feel honored by.

Miss Eva Bradford was one of the numerous people who visited the city today.

Mrs. J. C. Murfin went out to the city on the 8:35 morning car.

Pleasant Birthday Party

"Jim" Walker was fourteen years old yesterday and the young man was the honored guest at a pleasant birthday party given him last evening by his mother, Mrs. W. H. Walker at the home on Hickey and Riverine.

"Jim's" Sunday school teacher, W. P. Coffman and the boys of his class were asked to be present. A repast at which sandwiches, "floating island," apple pie and cheese, all dear to the heart of a boy, was served. Violets adorned the table, and fourteen birthday candles were there to be blown out with good wishes.

Young Ladies Travel Club

The young ladies of Ebel Travelers Club have begun work in real earnest, taking up the study of Norway at their meeting yesterday, which was held at the home of Miss Georgia Barnes on Orange avenue.

Miss Gertrude Montgomery was leader and made the study hour an interesting one. Miss Barnes hospitality brightened the social hour by serving dainty refreshments.

Back From Coachella

J. A. Hankey returned last evening from a stay of two or three weeks in the Coachella Valley. He is feeling as "fit as a fiddle," the dry air of the desert curing up that troublesome cough and asthmatic trouble. Mr. Hankey divided his time between the towns of Coachella and Thermal, both below sea level. He was quite impressed with the possibilities of the valley, as well as with the curative climate.

Methodist "At Home"

The usual monthly "At Home" of the First Methodist church will be held tomorrow afternoon from 2:30 to 5 o'clock at the home of Mrs. C. W. Burns, 451 West Sixth street. All strangers are particularly invited to be present.

The Art Study Club met on Tuesday evening at the home of Miss Cubbison. In spite of the dubious weather many of the members were present. At the close of a short business session with the Vice President Mrs. C. S. Crookshank presiding, the meeting was turned over to the leaders for the evening.

At present the club is studying the Venetian artists and a very excellent paper was given by Miss Ethel Gardner on Palma Vecchio, a painter who was classed with, though not equal to, Titian and Giorgione. His portraits of women are especially brilliant and soft in tone and color. He was a pupil of Giovanni Bellini but was much influenced in his art by Giorgione. Among his most famous paintings are "St. Barbara" at Venice; "Three Graces," at Dresden; "Judith," at Florence, besides many others at Berlin, Dresden, London, Milan, Naples, Paris, Venice, Vienna.

Miss Gardner very beautifully described several of the most famous of Palma Vecchio's paintings. Miss Carter then followed with equally as fine a paper on Giorgione, in which she told something of the quiet popularity of this artist and of his work, he being reckoned as the most brilliant of his school and generation. He, too, was a pupil of Giovanni Bellini and the painter who most influenced him was Carpaccio. Giorgione's life was short, only about thirty-two years, and less than a score of his paintings are in existence and some of these even are doubtful as being truly his own work. "The Madonna with the child enthroned and with St. Francis and St. Liberales" will be found in the church of his birthplace, Castel-

franco. "The Concert" in Pili gallery; "Judgment of Solomon" at Florence. These are among his masterpieces. Socially Giorgione received as much attention as he did because of his painting. As a musician he ranked as high as any of his day in Venice and his life like his works was bright and joyous. Miss Peyton, with reproductions of many of the pictures which she had seen and enjoyed before her on the table, spoke to the club of the Galleries she had visited while abroad last year and of some of the pictures that had impressed her, and as she spoke the class went with her in imagination through the gallery at Berlin, at Paris and elsewhere, viewing the paintings and the statuary and avoiding the crowds and the loud voiced guide that always is to be found in such a place.

Slips of paper and pencils were then given to all to find out how much they knew of the pictures that had been fastened here and there on the wall. One bright woman knew eight of the twelve pictures, being able to name them and give the artist's name as well.

Miss Cubbison then surprised the class by bringing in coffee and cakes, which all enjoyed and when the members left they felt they had truly been fed body and mind.

Elected Officers

The Ladies' Auxiliary of the Y. M. C. C. met yesterday afternoon, after a six months' existence. It was decided to continue the organization, as it was demonstrated that much good could be done by doing so. The Auxiliary accordingly elected officers as follows:

Mrs. Wm. Smart, president; Mrs. Rowley, first vice-president; Mrs. P. N. Nickey, second vice-president; Mrs. W. B. Tedford, recording secretary; Mrs. Lea Warren, treasurer. The board of directors consists of a lady from various churches: Mrs. J. W. Bishop, First Presbyterian church; Mrs. J. H. Garnett, First Baptist church; Mrs. Knights, First Christian church; Mrs. Robert McFadden, United Presbyterian church; Mrs. Williamson, Methodist church, South; Mrs. A. J. Visel, First Methodist church.

They Were Sociable

After all the business affairs were safely out of the way, the members of Torosa Rebekah Lodge had a jolly little social time last night, eating popcorn and delicious home-made candy to their hearts' content while they visited each other and enjoyed the pleasantness of conversation.

Mrs. B. F. Beswick, who has been so seriously ill, is reported as improving.

Mendelssohn's Centenary

The Symphony Society, which is actively engaged in the rehearsal of Mendelssohn's "Elijah," had a most satisfactory rehearsal last night. The work is going well and indications are that the magnificent oratorio will be produced in splendid style.

Some time ago the Symphony decided to observe the centenary of Felix Mendelssohn's birthday, the date of which falls on next Wednesday, Feb. 3. This action will be in harmony with that taken by similar societies over the world.

A short program will be given after the usual rehearsal, which will begin promptly at 7:30, thus giving greater time for the enjoyment of the program now being arranged under Miss Dresser's direction.

CITY WINNER OF THE CASE

West Walnut is a Dedicated Street, Decided the Judge

Judge Densmore of Riverside, in the Superior court of this county, yesterday afternoon decided that West Chestnut avenue across the Heil tract is a city street. The decision was made in the action of F. J. Graser against the City of Santa Ana, and was in favor of the defendant. Graser claimed that by reason of non-use and the fact that abstracts of the records of Los Angeles county as they concerned Orange county had never been brought here by the county, gave him title to the road.

E. E. Keech, one of the witnesses for the city, testified that he was the surveyor who laid out the street in 1887, his memory concerning the matter being particularly clear for the reason that it was the first work he did in Santa Ana. Keech at that time was a surveyor. His instructions were that the street was to be dedicated so that the owners could sell lots on it should they care to do so.

The city claimed that there had never been an abandonment of the street, and that none of the contentions of the plaintiff constituted an abandonment.

SAW WEDDING AT THE COURTHOUSE

D. W. McDannald Almost Discovered a More or Less Distant Relative

(By D. W. McDannald)

BERRYDALE, Jan. 28.—I was loafing around the clerk's office, just waiting for something to turn up, when Judge Smithwick called me into the back room to witness the marriage of a winsome wee bit of humanity to a king in name as well as stature. Looking over the papers, I noticed one of the names on the certificate was the same as my own, and the initials were the same except one letter. For a moment I became awfully excited. I thought possibly the Judge had put me on the calendar for a bigamy charge. It is now bordering on forty long years since I stood before Justice John Gordon and passed through that trying ordeal, and I thought, perchance I had forgotten just how it was done, but a few timely explanations from his honor made Richard himself again, and when I went to claim kinship with the fair young bride—lo, and behold, the bird had flown.

One evening last week we were entertained at one of our neighbors by such singing as in my extended peregrinations around this terrestrial globe, I had never heard before. Mrs. Grace Tyndall was the principal singer, and of all the woodland songsters her notes are clearest, sweetest, highest. She did a stunt with a Christmas carol that was far and beyond anything

CARED FOR WOMEN REMEMBERED IN WILL

Mrs. Rosina Steley Died Recently Leaving An Estate Worth \$200,000

Anaheim Gazette: Mrs. Rosina Steley, who died last week at her Hollywood home, was buried in the cemetery at that place on Thursday afternoon. Mrs. Steley was a former well-known resident of Anaheim, and lived here many years. Four years ago she went to live at Santa Monica, where she built a commodious residence overlooking the ocean. She later disposed of this property and took up her residence at Hollywood. Her estate is valued as high as \$200,000, the bulk of which goes to her two grandchildren, daughters of L. Schorn, formerly of this city and Olive, now a resident of Beatty, Nev. One of the granddaughters is married and lives at Pasadena, the other is unmarried and lives with her father at Beatty.

To William Kretschmer and wife, who waited upon her during her long illness, she bequeathed \$10,000 in bonds of the Covina Irrigating company, bearing 6 per cent interest, and a house and lot at Hollywood, for which she paid \$5500. A 36-room house in East Los Angeles goes to one of her granddaughters, and both share in the property in equal parts. Mrs. Steley owned a hotel at El Paso and extensive mining property in Colorado, both of which she disposed of some years ago. She also owned a gold and silver mine in Mexico, which she is said to have abandoned several years ago, because of threats against her life.

She was a native of Switzerland, and was 69 years of age at the time of her death. She suffered with dropsy. She was said to be of royal blood, her husband being an officer in the Swiss army.

Feb. 4.—Bell Boy Music Comedy Co.
Feb. 11.—Mrs. Wiggs of the Cabbage Patch.

"The Wolf"

"Paid in Full," a problem play of everyday life in New York (created the impression that Eugene Walter was a salutary 'discovery,' and a new

literary star on the theatrical horizon, and "The Wolf," a powerful, poetic and realistic drama of the Hudson Bay country and its denizens, made this impression a certainty, and proved that the first success was no "accident."

"The Wolf" has finished its triumphal season in New York, and is now being seen for the first time in the other large cities of this country. It will be at the Grand tonight, Thursday, Jan. 28.

"Who's Your Friend"

Foreign comedies, if their humor is retained, invariably fall flat when produced this side, and vice versa. One of the few exceptions of recent seasons has been the great success of "Who's Your Friend," an American comedy dealing with the New England type of American life which has met with equal triumphs in New York and London. "Who's Your Friend?" with Mr. Harry Beresford the odd comedian, surrounded by almost the same cast as seen in New York, and the same identical production will be seen in this city at a near date this season.

and his young friends drew an audience of fine proportions to Simpson's Auditorium last night. Master Bettin's voice is one of very delicate timbre but it is well trained, is kept true to pitch, and is used with good boyish musical taste. In such numbers as Bischoff "Rock of Ages," the familiar "Flower Song" from "Faust" and various Gounod selections of religious nature, the young singer was at ease and used his voice with sincere expressiveness.

ECZEMA CURABLE? PROVEN!

Attorney at Moline, Ill., Convinced by Oil of Wintergreen Compound

—There is nothing that will convince a lawyer except evidence. Now, here is some rather startling evidence of a simple home cure for eczema which convinced one lawyer, R. C. Entricken, attorney at Moline, Ill. He tells how oil of wintergreen compound mixed with thymol and glycerine, as in D. D. D. Prescription, cured him in thirty days after thirty-two years of suffering.

"For thirty-two years," writes Attorney Entricken, "I was troubled with

eczema, scabs all over my face, body and head. I could run a hair brush over my body and the floor would be covered with scales enough to fill a basket. I tried everything—salves, internal medicine, X-Ray—all without result."

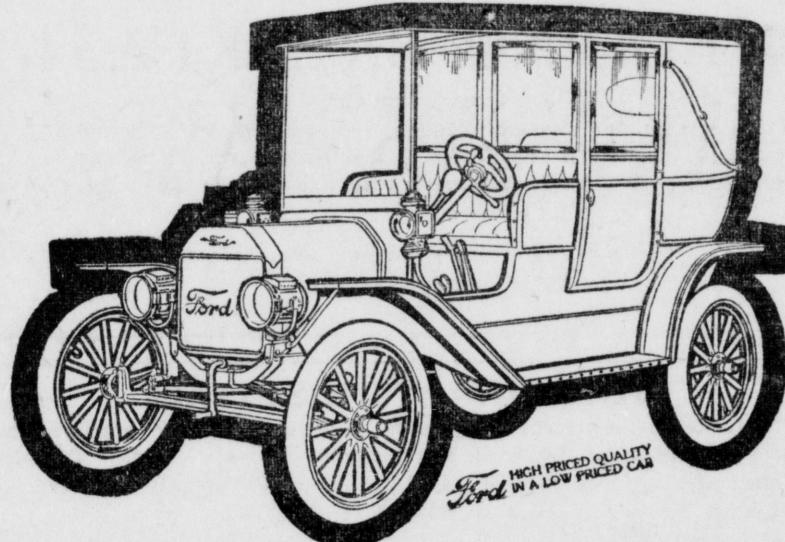

Just a month ago I was induced to try D. D. D. Prescription. The itch was relieved instantly; so I continued. It is just a month now and I am completely cured. I have not a particle of itch and the scales have dropped off.

"I can only say again CURE DISCOVERED. I am now starting all eczema sufferers on the right track."

Cure after cure has been brought to our attention and always that instant relief from the awful itch. Wingood's Drug Store.

The question is, how can a man be positive that in the car he is buying, he is getting full value,—the finest catalogue often describes the most inferior car. Where the Ford buyer is safe is in the fact that he is buying a car of a company that has actually built more cars than any other, and there are 25,000 Ford Cars proving Ford superiority—that they have almost completed the largest auto-

LOS ANGELES PRODUCE MARKET

Potatoes still continue to hold the interest of every grocer, every commission man and every producer in this section. The latest reports from San Francisco are that the sudden shortage is not due entirely to the spuds which have been washed away by floods, but that G. Shima, a Jap who two years ago cornered the market, has repeated the operation this year, and is holding two-thirds of all the spuds left in the central part of the state. The buying of the stock was so quiet and unostentatious that when the jobbing trade awoke, all the Highlands had been gathered in a few hands. The only relief which dealers in Los Angeles have been able to find, is buying spuds from middle west points. Idaho potatoes will begin to arrive in larger quantities soon and yesterday morning a car of Montana Burbanks were sold to arrive within a week. Prices here are so high that the market is open to shipments from any points west of the Mississippi, as well as to water shipments from Oregon. Several Colorado shipments are expected in shortly to help conditions. A number of cars of spuds which were delayed by the washouts on the railroads running into this city, arrived yesterday, making the receipts run over 10 cars.

Eggs were in good demand and several heavy sales were reported. Some of the delayed stock arrived and the market on that account was not as firm as it might otherwise have been. Express arrivals totaled 17 cases. Eggs are expected to pour into the market at the beginning of the coming week, as soon as

Citrus Fruit Shipments
Tuesday, January 26, 96 cars; 83 cars oranges; 13 cars lemons. Total to date, this season, 4406 cars; 3411 cars oranges; 995 cars lemons. Total to same date last season, 5299 cars; 4364 cars oranges; 935 cars lemons.

Prices on meats, which have been advancing regularly for the past two months, reached a high water mark yesterday when steers were quoted at 8 cents a pound. Nor was the advance confined entirely to beef, for mutton, veal and pork in its products all went higher in fractions. The prices which have held steadily in the retail business for a short time, advanced and the general consumer is also affected by the rise to a considerable extent.

Demands for fruits and vegetables was limited on account of the unfavorable weather prevailing all night and in the morning, making it almost impossible for producers to drive in. Berries were very scarce and high. There were fewer vegetables on hand. Sweet potatoes, most of them brought in over railroads, were more than plentiful and dealers were having their usual trouble of sorting and repacking on account of the wet.

Fish were pretty well supplied. Lobsters were not too plentiful and poultry was hard to get at any figure, at least in large quantities.

MC'KINLEY DAY WAS OBSERVED

By Sedgwick Woman's Relief
Corps With a Beautiful
Program

(Mrs. H. Clay Kellogg)
Tomorrow will be the sixty-sixth anniversary of the birth of the martyred president, Wm. McKinley and throughout the entire nation this anniversary will be celebrated with appropriate exercises. All over our beloved country his praises will be sung, and many worthy deeds of his exemplary life will be recalled. Tomorrow the flower that will stand first in the estimation of the men and women of our land will be the carnation. They will choose to wear it because it was President McKinley's favorite flower; and so too will the sweetest of hymns, "Nearer My God to Thee" be sung by those who wish to do honor to his sacred memory.

The day was observed by the W. R. C. yesterday at the G. A. R. Hall and the following excellent program was given, Past Department President and Corps Patriotic Instructor Mrs. Alice Yount presiding:

Vocal duet, "Lead Kindly Light"—Mesdames Winbigler and Garrett.

Colonel E. T. Langley gave a splendid address upon the life of Wm. McKinley, following an outline laid out by his wife, a beloved member of the W. R. C., who, although her thoughts and interests were with the corps, could not attend because of poor health. Mr. Langley's remarks were very much enjoyed as he described

the many worthy deeds of the exemplary life of that unconquerable soul whose life was sacrificed at the post of duty.

Mesdames Winbigler and Garrett impressively rendered another of McKinley's favorites, "Beautiful Isle of Somewhere."

One of the results of the war with Spain and the Filipinos was the union of the north and south. This fact was illustrated in the reading given by Mrs. H. Clay Kellogg, entitled "The Warship Dixie."

Mrs. Grace Moesser gave an especially pleasing piano solo, "Idylle" (Richard Ellenberg).

A patriotic solo, "Let Me Rest, 'Neath the Pines of Vermont," was charmingly rendered by Miss Cora Belt.

Mrs. Elizabeth Lawton's reading, "The Carnation," was also most appropriate for the occasion, having been written in memory of the martyred president by one of California's own poets.

The program closed with the reading of McKinley's last prayer and the singing of "Nearer, My God, to Thee" by the audience.

During the afternoon sandwiches, doughnuts and coffee were graciously and daintily served by the tea committee, those assisting the chairman, Mrs. Marie C. Johnston, being Mesdames Yount, Jones, Coulter, Ferguson, Lawton, Kling, Moore, Henney, Phipps, Ey, Diers and Kryhl.

A neat little sum was realized for the relief fund and those who attended the tea expressed themselves as having spent a most enjoyable afternoon.

MI-O-NA

Relieves Stomach Misery Almost Immediately

—If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion, and must act quickly.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, dizziness, shortness of breath, and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

Mi-o-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress, Mi-o-na will relieve instantly. But Mi-o-na, unlike most so-called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach.

A large box of Mi-o-na tablets costs but 50c at the Rowley Drug Co. and are guaranteed to cure or money back. When others fail, Mi-o-na cures. It is a producer of flesh when the body is thin; it cleanses the stomach and bowels, purifies the blood, and makes rich, red blood.

LIPPINCOTT TOOK A JOB

A Case is Cited Where Govern-
ment Engineer Did Do
Private Work

The Orange Post believes that a government engineer could be secured to make a report on the plans for water development in the Santa Ana river, and says:

The question has been raised as to whether the directors of the S. A. V. I. Co. can employ a government engineer as requested by the stockholders at the called meeting, the impression being conveyed that government engineers were not at liberty to accept employment from private parties. That may be the rule; but, if so, there are exceptions. We distinctly recollect that this paper protested against the government's allowing J. B. Lippincott to work for J. R. Newberry and to thereby place the United States government in antagonism to the people of this valley.

A letter was received from Mr. Lippincott, complaining of our strictures upon his work, and saying that he had full permission to accept any employment that did not interfere with his government work. If that was the case where a conflict was pending and the prestige of the gov-

ernment was virtually loaned to the water-grabbers, there certainly ought to be no objection on the part of the government to any of its engineers helping to determine without conflict, a question involving the safe expenditure of a large sum of money for water development. So far as Mr. Kellogg is concerned, the calling in of another engineer was done to satisfy a respectable number of stockholders who thought it was risking too much upon one man's say so, even though he was the best that was going.

THAT PEOPLE MAY CHOOSE SENATOR

(Continued From Page 1)

providing for separate county and state taxes, which was turned down by the people at the last election. The amendment has been altered, and the commission desires that it again be submitted to the people.

BANKING BILL WAS REPORTED FAVORABLY

Senator Leavitt's banking bill, which has been worked on for months by a special hold-over committee and many prominent financial experts, was reported favorably, as amended, by the senate banking committee today. The changes in the measure aroused the doubt of Caminetti, who opposed Leavitt's motion to adopt the amendments immediately. Cutten explained that the alterations favored only country banks, but Caminetti won his point, and all except superficial corrections were delayed until Monday.

WOULD REBUKE CONSUL FROM LITTLE JAPAN

SACRAMENTO, Jan. 28.—Because Consul Takahashi, of San Francisco, paid a friendly call to Governor Gillette a few weeks ago, presumably to discuss anti-Japanese legislation, Senator Anthony thinks he should be rebuked. Anthony yesterday introduced a resolution, saying in part:

"Resolved, that the Japanese consul is attempting to prevent due, lawful and constitutional proceedings of legislation in the state of California, infringing upon the dignity, privileges and rights of the legislature, and

"Resolved, That the senators of the United States from California be requested through the proper official channels to present the aforesaid actions of the Japanese consul to the consideration of the Department of State, with the view that the consul be admonished that California is neither Manchuria, nor Korea, nor yet a province of Japan, and that the consul shall be sent back, or such action taken as shall be meet."

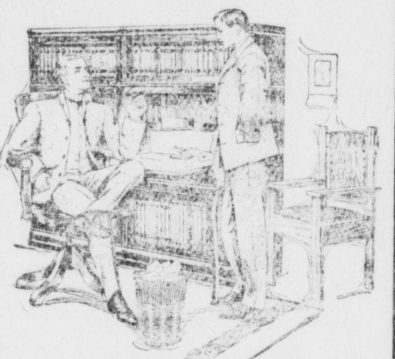

To Prohibit Insurance Rebates
Bills prohibiting life insurance companies from giving rebates, and one making it unlawful for any person to receive rebates, were introduced into the Assembly by Leeds of Los Angeles yesterday. Heavy penalties are prescribed.

ANTI-RACETRACK MEN WILL MAKE LAST STAND

Although their defeat is practically certain, the racetrack men in the Senate intend to make a last desperate stand when the Otis-Walker measure comes up on Monday or Tuesday, by objecting to the amendments made in committee.

Senator Walker also expects an attempt to be made to amend the measure so as to permit an annual race season of thirty or sixty days.

Friends of the anti-racetrack bill, however, believe they will have no trouble in forcing the passage of the bill as it will be reported.

JEBSEN STEAMER LINE SOON TO BEGIN RUNS

SAN DIEGO, Jan. 28.—The first steamer of the Jebesen line will call at San Diego on March 17. The steamers Erna and Ella will make the trip from Puget Sound points to Mexican and Central American ports. They will stop at San Diego north-bound only, and at San Pedro south-bound. The boats will carry both passengers and freight.

ALASKAN EXPOSITION WILL BE READY ON TIME

LOS ANGELES, Jan. 28.—Charles Evans Fowler, president of the International Contract Company of Seattle, who is now in this city, says that every building for the Alaska-Yukon-Pacific Exposition will be completed by May 1, giving a month to place exhibits and to clear the ground of debris. This would be a record-breaker for an exposition opening.

KIERAN VOLUNTARILY SEEKS EXAMINATION

NEW YORK, Jan. 28.—Patrick Kieran, president of the Fidelity Funding Company, whose failure involved St. Mary's Academy at Nauvoo, in financial difficulty, today voluntarily appeared before Federal Commissioner Alexander for examination. He refused to submit books for examination unless advised to do so by his attorneys.

BAD RAILWAY ACCIDENT

LOUISVILLE, Ky., Jan. 28.—Forty were injured, some fatally, when the east bound Evansville accommodation and passenger train of the Southern Railway, was wrecked at noon today as it emerged from a tunnel near New Albany, Ind., across the river from this city. The train was bound for Louisville.

50 ROLLS OF CARPET

JUST ARRIVED FROM THE MILL. Beautiful FLORAL and Oriental effects in all qualities. Our spring rug stock came in a few days ago, by far the best assortment ever shown in this county.

We are the only store in the city that carries a FULL ASSORTMENT OF ROLL CARPET IN QUANTITY. We have the advantage over dealers who sell carpets from sample as every yard sold from sample would cost us 20c additional per yard. We are the only store carrying a full stock of every regular size of rug made, up to 12x15. Also make up from carpet to order any size rug desired.

To acquaint our trade with the exceptional stock we are carrying we are making the very LOWEST PRICES on all our FLOOR COVERINGS and invite everyone to visit our store and look these beautiful goods over whether you buy or not.

It will pay you to investigate our easy payment plan on both carpets and furniture.
